

Bay Window Canopies

The Country Leisure range of bay window canopies are produced to suit all leading makes of bay windows and match in profile and style with many of the porches and canopies illustrated in this brochure.

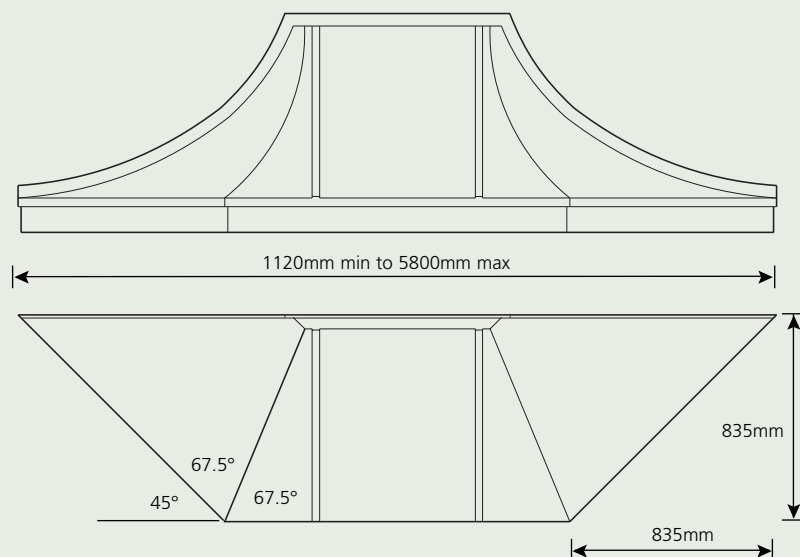

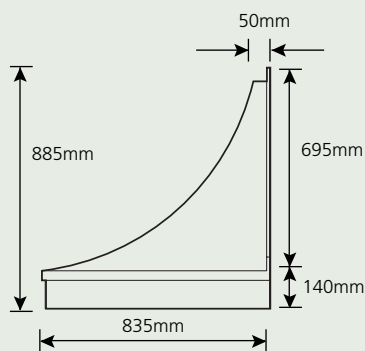

Maintenance is minimal requiring no painting or decorating and do not suffer from the usual problems associated with more traditional forms of roof construction of timber and felt. They do not require timber supports, only flashing over the rear upstand of the roof is required in the normal way. Canopies can also be manufactured to meet individual specifications.

Amesbury

Available with 560mm, 685mm and 835mm projections. Dimensions below for the 835mm projection canopy.

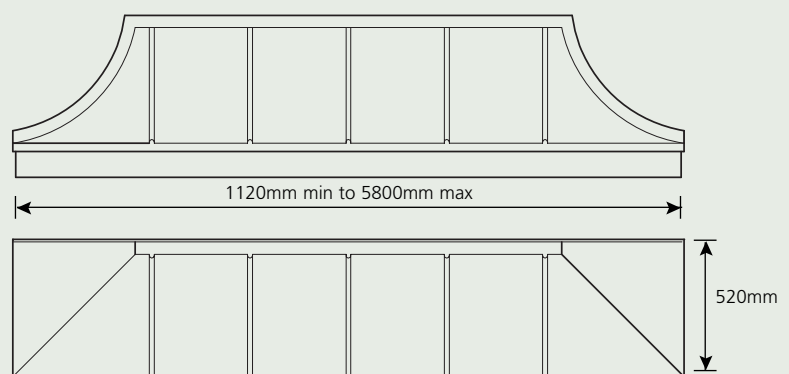

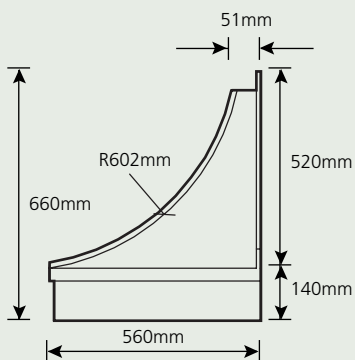

Durrington

Available with 560mm, 685mm and 835mm projections. Dimensions below for the 560mm projection canopy.
