

# Column Pedestals

**T** The range of columns illustrated in this catalogue can all be modified in height to form pedestals as illustrated, and provided with a wide range of standard applied finishes with colours and textures to order, with or without the decorative top capital, thus providing a virtually unlimited combination of sizes and styles. Alternatively, we can provide finishes to your own colour specification to match with interiors or exteriors where size, colour and texture form an integral part or focal point of the overall design.

Our factory applied finishes can extend throughout our entire range of classical products thus providing the designer unlimited scope.
